LIGHTING

Lighting is a key element of the overall design and atmosphere of a restaurant. It can be used to create a warm and inviting atmosphere, or a more dramatic and sophisticated one. The choice of lighting fixtures and colors can make a significant difference in the way a restaurant is perceived. The lighting design should be in line with the overall theme and style of the restaurant, and should be able to create a variety of moods and atmospheres. The lighting design should also be functional, providing adequate illumination for the dining area and ensuring that the food is presented in the best possible light.

The lighting design should be a key consideration in the overall design of a restaurant. AURA LIGHT

Sabine Marcelis

Harnessing Marcelis' expertise in the utilisation of cast translucent materials, the Aura Light features a suspended cylindrical bar that can be showcased individually or as part of a group. Crafted from fully recyclable materials, the custom-engineered lightbulb enhances the warm translucency of Aura.

Dimensions:
S1: L1100mm x D75mm x H88mm

Materials:
Acrylic, powder-coated steel fixing, steel suspension cable, clear PVC cable (L2000mm)

Technical:
Custom tube dimmable low voltage LED

[Spare & Replacement Parts](#)

Code	Product Description	RRP Ex tax	Lead Time
7970	S1 L1100, universal voltage, rose	\$ 1,110	In Stock
7971	S1 L1100, universal voltage, apricot	\$ 1,110	In Stock

Note: The subtle colour of the translucent acrylic has a brighter tone when illuminated and a muted darker tone when the light is not on.
Luminaire and light source certified for CE, CCC, ETL and SAA.

CHO LIGHT

Dimitri Bähler

A poetic floor lamp with a design made possible by cutting-edge manufacturing techniques. A globe of crumpled, off-white, paper creates a diffused glow. This shade balances on a six-millimetre diameter carbon-fibre rod, which extends up from a weighted base to create the design's almost impossibly light appearance.

Dimensions:
 F1: H1400mm, Ø250mm x H1165mm
 F2: H1920mm, Ø375 x H1630mm

Materials:
 Powder-coated steel, magnetic fixings, carbon-fibre (rod), Washi paper (shade), Pyrex glass diffuser

Technical:
 Custom dimmable low voltage LED light source, PVC black cable, in-line continuous touch dimmable foot switch, universal fitting adapter

Spare & Replacement Parts

FILIGRANA LIGHT, TABLE

Sebastian Wrong

The Filigrana T2 & T6 Lights provide the same beautifully diffused light as their suspended counterparts, crafted from traditional blown glass. Both models feature custom-engineered, low-voltage replaceable light sources. The T2 model features a three-legged aluminium base, whilst the T6 becomes a sculptural addition to any environment.

Dimensions:
T2 cylinder: Ø220 x H270mm

Materials:
Acid-etched mouth blown glass, acrylic and powder-coated steel fixings, powder-coated die cast aluminium base (T2), L1500mm fabric covered cable (T2).

Technical:
Custom dimmable low voltage LED light source, in-line dimmer switch, universal fitting adapter

FILIGRANA LIGHT, CLUSTER

Sebastian Wrong

When combined the kaleidoscopic Filigrana Light forms fantastical, eye-catching installations. The largest cluster, the Cloud, is an impressive composition of 9 Filigrana Lights so named for its voluminous, billowing form that seems to float from above.

Dimensions:

C3a Cluster:

1x black S2 cylinder, Ø220mm x H230mm
2x red S2 cylinder, Ø220mm x H230mm

C3b Cluster:

1x black S2 cylinder, Ø220mm x H230mm
1x black S3 ellipse, Ø370mm x H230mm
1x red S4 ellipse, Ø450mm x H330mm

C5 Cluster:

2x black S2 cylinder, Ø220mm x H230mm
1x black S4 ellipse, Ø450mm x H330mm
1x red S2 cylinder, Ø220mm x H230mm
1x red S3 ellipse, Ø370mm x H230mm

C9 Cloud:

2x black S2 cylinder, Ø220mm x H230mm
2x black S3 ellipse, Ø370mm x H230mm
1x black S4 ellipse, Ø450mm x H330mm
1x red S2 cylinder, Ø220mm x H230mm
2x red S3 ellipse, Ø370mm x H230mm
1x red S4 ellipse, Ø450mm x H330mm

Materials:

Acid-etched mouth blown glass, acrylic and powder-coated steel fixings, steel suspension cable.

Recommended Light Source:

E26 2700K LED, 110/120V

GELATO

Carlo Nason

Originally designed in the 1960s by Murano-based Carlo Nason, Gelato has been re-engineered into a playful portable lamp. Its colourful mouth-blown base holds an orb of acid-etched opaline glass. The sphere is lit by a replaceable custom-made LED bulb operated by a three-step dimming switch and is powered by a magnetically charged battery. Suitable for indoor use only.

Dimensions:
L225mm x Ø135mm

Materials:
Glass, polycarbonate, aluminium

Technical:
Custom dimmable low voltage LED light source, battery powered LED with magnetic charging point with a USB-C connection, touch-sensitive dimmer switch

Code	Product Description	RRP Ex tax	Lead Time
8157	T1 H225, LED With Battery, Spritz	\$ 290	In Stock

6224-7990

TIKI

Nao Tamura

Nao Tamura's charming bird-inspired lamp is cast from milky-white acrylic, creating a characterful and delicate form. Designed to be displayed in clusters or 'flocks', the new Tiki portable lamp features a battery-powered LED and a magnetic charging base with a USB-C connection for a versatile use. Its interactive dimming function is controlled by rotating the bird-shaped body, adding a playful touch to its functionality.

Dimensions:
L239mm x H308mm x Ø99mm

Materials:
Powder-coated aluminum, polycarbonate

Technical:
Custom dimmable low voltage LED light source, battery powered LED with magnetic charging base with a USB-C connection, rotary dimmer switch

GRID

Ronan & Erwan Bouroullec

A colourful room-within-a-room, the raw shell of the Grid system provides a base for modular seating, shelves, tables and screens, which can be integrated in different ways to create a playful and multifunctional environment for informal meetings, presentations or simply hanging out.

To assemble a complete Grid unit, additional parts, such as upholstery, work shelf, power, and data must be added to your order. For example, these illustrations and their associated codes, show the unit and additional parts that create the final assembly shown below.

Materials:
 Powder-coated mild steel (frame), steel grid (wall option), oak veneer plywood (low table and wall option), upholstered plywood (wall option), oak veneer triply (shelf option), foam, feather and foam (cushion option), removable upholstery covers, nylon feet.

ISLAND
Ronan & Erwan Bouroullec

ISLAND

Ronan & Erwan Bouroullec

Made up of long modular units allowing infinite sizes and a variety of depths, supported by a aluminium frame and panels of CLT (Cross-Laminated Timber) and optional upholstered seating. Material is high-quality and sustainable.

A simple portfolio of configurations, colours, textiles and add-ons can be mixed and matched to create endless possibilities. External or internal partitions can act as back rests and various sized tables and integrated charging modules provide points of engagement. Additional accessories include multiple sized tables and cushions. Easy to dismantle and rebuild when cleaning, the units are hygienic and ideal for busy areas. With single or double depth options, it's easily scalable and expandable as communities grow.

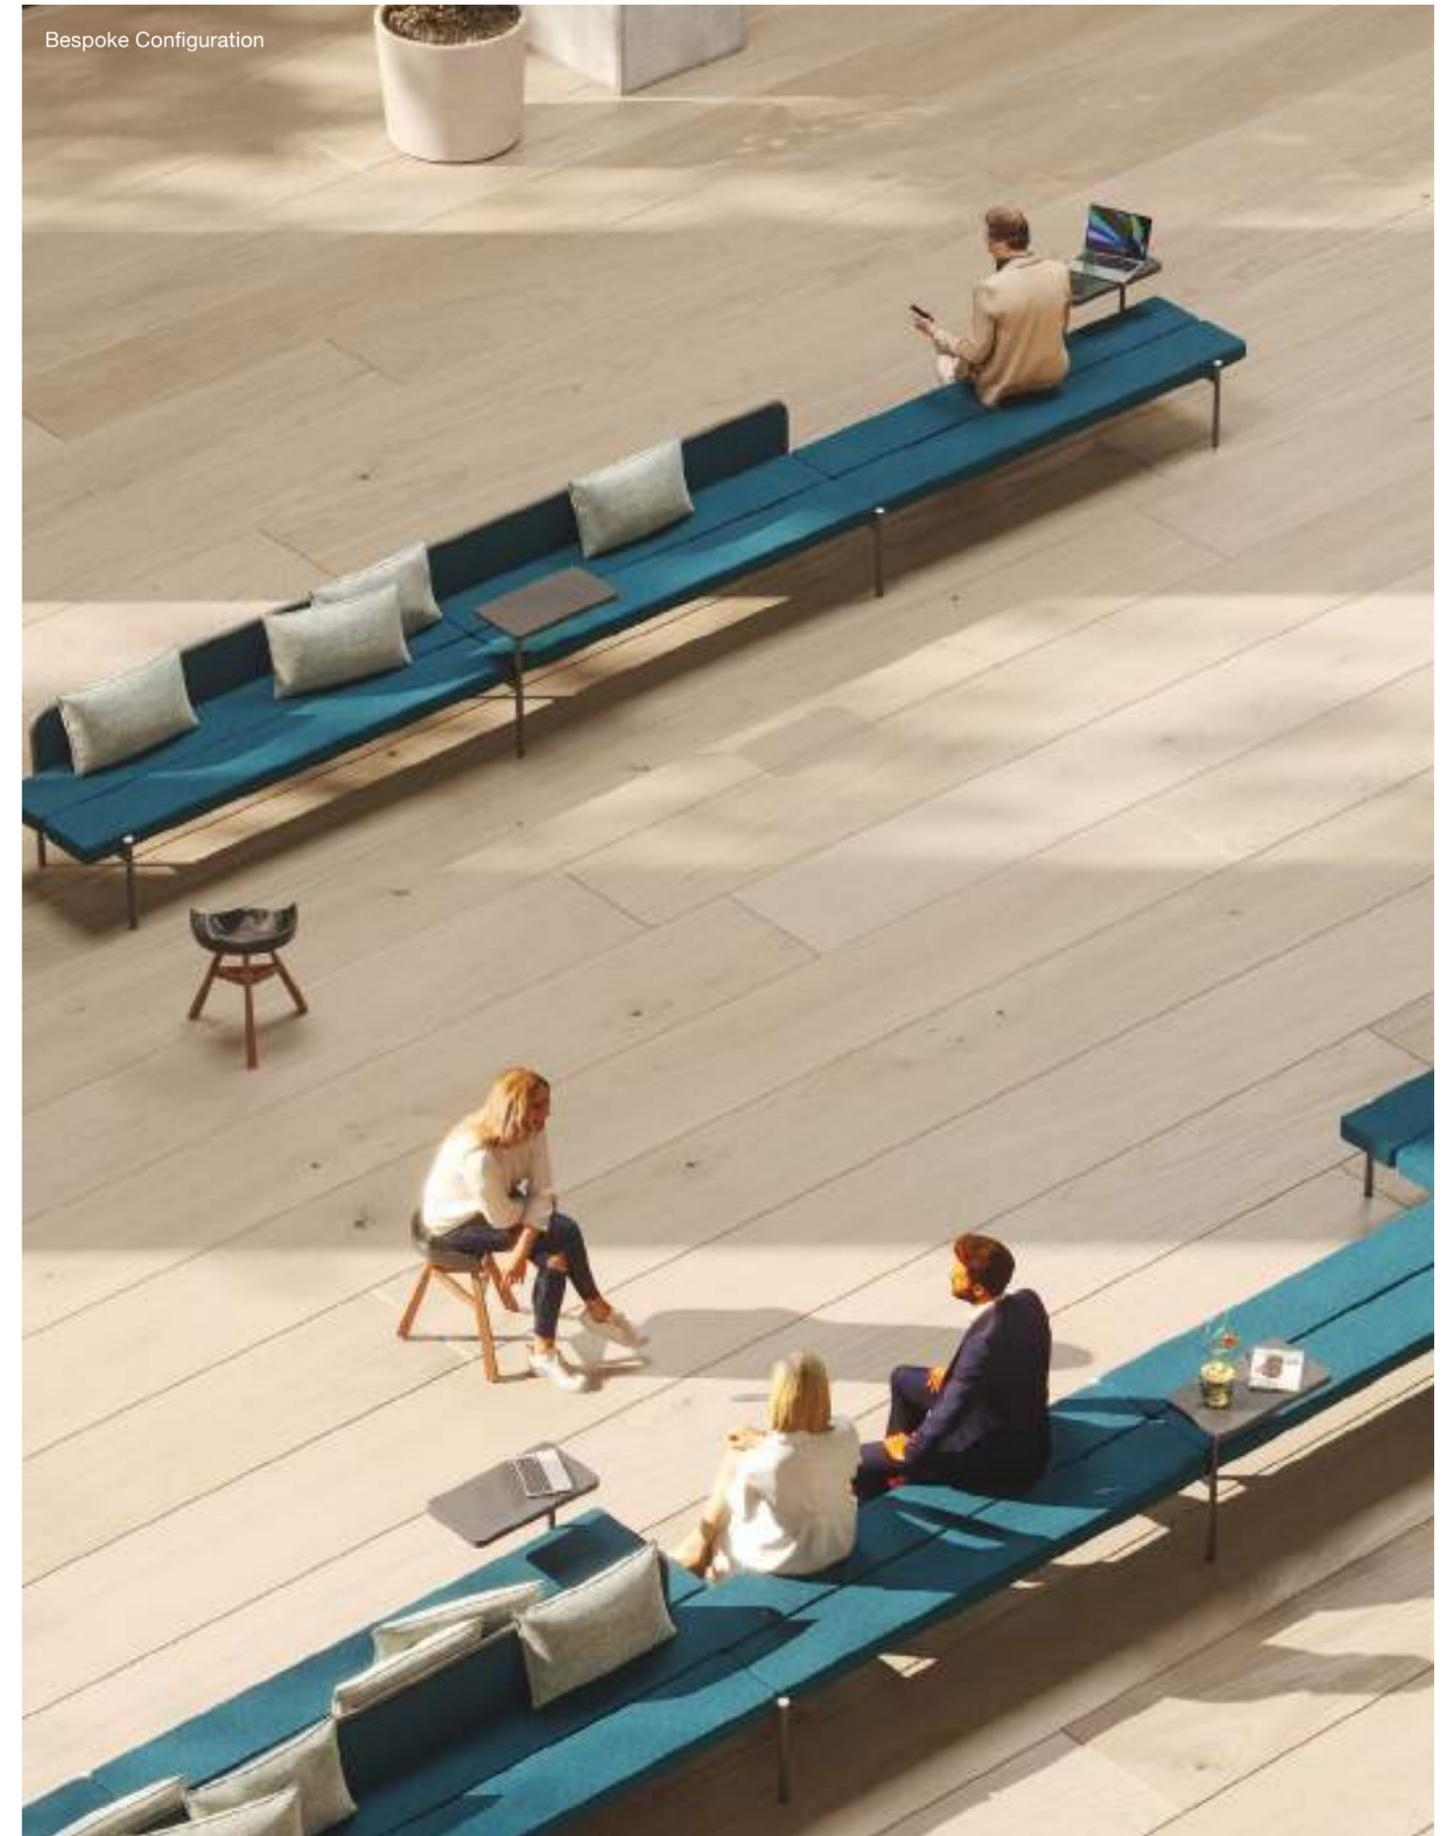

Materials:
Powder-coated mild steel (legs),
powder-coated aluminium (platform)
Fenix veneer MDF (table option),
oak veneer triply (seat and table option)
Upholstered foam and plywood (seat option),
upholstered plywood (partition) foam, feather
and foam (cushion), nylon feet.

BEAM TABLE

Konstantin Grcic

Based on an everyday icon—the I-beam girder—the Beam Table is designed to last a lifetime. Merging premium design with an industrial aesthetic and an undeniably strong presence, the table is equally at home in an artisan’s workshop, a gallery, a family home or a live-work space.

Dimensions:
 H740mm × L2000/2400/3000mm × D1000mm
 H1100mm × L2400/3000mm × D1000mm

Materials:
 Powder-coated mild steel, fibreboard, matt lacquered American walnut veneer (option), Fenix laminate (option), matt lacquered oak veneer (option), nylon (feet), lockable swivel nylon castors (option)

WRONGWOODS, TABLE

Richard Woods & Sebastian Wrong

The Wrongwoods Table is an easy way to add a contemporary art print to any space. Sebastian Wrong's utilitarian table provides an everyday canvas to Richard Woods' colourful, wood-grain block prints in this longstanding collaboration between artist and designer.

Dimensions:
L2000mm x D900mm x H765mm

Materials:
Plywood, timber, paint, clear lacquer, felt (feet)

WRONGWOODS, TABLE
Richard Woods & Sebastian Wrong

BLOC

Pauline Deltour

Treating colour as a material, Bloc side tables are based on the idea of recreating a hand-drawn cube, using different tones and shades to suggest an optical illusion. Hidden in the plywood structure is a drawer with a soft-open mechanism, disguised by the block colours of the outer surfaces.

Dimensions:
 Small: L640mm x D450mm x H290mm
 Square: L850mm x D850mm x H290mm
 Long: L1200mm x D450mm x H290mm

Materials:
 Birch plywood, high-pressure laminate, black stained oak (legs), soft-close drawer movement, steel ball bearing nylon castors (option).

Code	Product Description	RRP Ex tax	Lead Time

FONT CLOCK

Sebastian Wrong

An instant design icon, Sebastian Wrong's Font Clock features an ever-changing display that uses twelve different type faces and a flip mechanism in a design that is both nostalgic and contemporary.

Dimensions:
 G100: L290mm x D110mm x H140mm, 1.2kg
 G225: L420mm x D120mm x H320mm, 2.4kg
 G270: L475mm x D160mm x H565mm, 5.0kg

Materials:
 White ABS plastic, clearview perspex, battery powered

FIRE REQUIREMENTS

Fire requirement notes are for guidance only, always get approval from your local fire authority. Fire requirement must be stated clearly on customer purchase order. All products have a non-removable upholstery cover unless stated otherwise.

CRIB 5

Treatment upon request. Please contact E&S for pricing.

COM / COL

COM / COL subject to sample fabric test, please supply minimum—100mm x 100mm. Please allow an additional 2 weeks for fabric and leather testing. The lead time will only commence once the material has been successfully approved by the factory.

CLEANING UPHOLSTERY FABRIC

Regular cleaning is important in order to keep the upholstery textile looking its best and to prolong its life. Dust and dirt wear down the textile and reduce its fire-retardant properties. Vacuum frequently, ideally every week, at half power where appropriate. Wipe upholstery fabrics made from polyurethane with a dry or moist cloth. It is usually recommended that upholstered furniture with normal commercial use

should be cleaned 2-3 times a year. Upholsteries in private households usually need less frequent cleaning. Appropriate maintenance and regular cleaning can prolong the textile's life cycle and reduce costs for renovation and repair, replacement and disposal.

CLEANING LEATHER

Leather is a living material that matures beautifully if treated properly. You should not place leather furniture closer than 20-30 cm to a radiator or in direct sunlight. Do not use harsh chemicals, saddle soap or unidentified leather cleaners, solvents and oils. Keep free of dust and grit. Vacuum clean leather often with a soft brush. Regularly clean contact areas such as arm and head rests to avoid build-up of perspiration and body oils, which may discolour leather. Leather can be maintained by wiping with a cool damp cloth. For tougher soiling, use a PH balanced soap on a cloth and rinse. Remember to always use cool water. Repeat if needed. Mild leather cleaning products and protection treatments are widely available, always seek instruction from the manufacturer. We recommend professional cleaning with specialist leather cleaners and conditioners in strict accordance with manufacturer's instructions.

TERMS & CONDITIONS

ABOUT

This document sets out the terms and conditions (“T&Cs”) under which ESTANDSONS LTD (trading as and referred to in this document as “Established & Sons”), a limited company registered in England under company number 12939191 with its office at Estandsons Ltd 128 City Road, London, EC1V 2NX United Kingdom, supplies goods to its customers (“Goods”), Established & Sons updates its T&Cs from time to time. This version of the T&Cs shall take effect on the 1st of March 2026 and supersede any previously published terms, pricing and information.

PRICING

All prices shown are recommended public prices in US Dollars \$ exclusive of VAT, any local taxes and before any discounts granted by Established & Sons to its trade partners. Quotations are valid for a period of 30 days unless otherwise stated.

LEAD TIMES FOR MADE-TO-ORDER (MTO) PROGRAMME

Lead times vary from product to product. Indicative lead times are included in the price list. Quoted lead times are approximate and refer to collection at our warehouse, i.e. exclude shipping times. The actual estimated lead time applicable to a specific MTO order will be stated in the order confirmation. Please note that for bespoke products & project orders (MTO>1) longer lead times may apply and that lead times only begin upon receipt of a 50% deposit which is required for all MTO orders.

COM / COL ORDERS

Any custom orders (e.g. colour combinations or fabrics) are subject to Established & Sons approval and customers are asked to submit a minimum 10cmx10cm sample of COM/COL for approval to determine if the material is likely to be suitable for the respective product. Please note that Established & Sons approval is not a guarantee of suitability and Established & Sons is not responsible for the ultimate performance of COM/COL. Please send any samples to Established & Son’s office in Arnhem, the Netherlands. Following approval and order confirmation, COM/COL for manufacture of the product must be shipped to the specified factory (addresses will be provided by the sales team as and when needed) free of charge and duties. Packing list and textile must include Established & Sons order number and product, country of origin and content.

ARTISAN VARIATIONS

The artisan technique used in our mouth-blown glass collection creates unique pieces, some of which may feature characteristics of hand-crafted manufacturing (i.e. variations). Every effort is made to ensure colour matches, however Established & Sons cannot guarantee exact colour match for any product finishes, wood or fabric variances. Fabric and colour swatches are for reference only. Whilst every effort is made to ensure accurate representation of product colours, finishes and dimensions, Established & Sons reserve the right to alter these details without notice in compliance with its own production needs or technological changes.

SUITABLE USE

Products are not suitable for outdoor use unless specifically stated. Certain products or fabrics are not recommended for use in public spaces or other high-intensity environments. Durability and mechanical strength of materials, joints and fixings may be compromised at client’s own risk if the product is placed within an unsuitable environment or misused.

PAYMENT

Established & Sons requires new customers to pay 50% upfront and 50% before shipment on their first (showroom) order, while returning

customers receive Net 30 payment terms from the invoice date starting with their second order. Please note that all MTO and COM/COL orders require payment of a 50% deposit prior to commencement of production and payment of the balance prior to dispatch or collection.

DELIVERY/COLLECTION

Orders are made on ex-works terms and goods must be collected at our warehouse unless explicitly quoted for and agreed otherwise. A copy of the dispatch list (DL) / commercial invoice (CI) with packing dimensions and collection instructions will be communicated to customers once products are ready for collection.

EX-WORKS

Ex-works orders must be collected at our warehouse. A copy of the dispatch list (DL) / commercial invoice (CI) with packing dimensions and collection instructions will be communicated to customers once products are ready for collection.

IMPORTANT: Customers must book collection in advance with the Established & Sons warehouse quoting DL details provided and the freight forwarder must quote the DL number on collection, otherwise the warehouse will not release the goods. For VAT to be zero-rated proof of export documents must be received by Established & Sons within 90 days of collection date.

RETURNS AND DAMAGES

Any returns must be agreed in advance by Established & Sons failing which no refund or replacement will be accepted. Notification of damage to any products received must be notified to Established & Sons in writing within 5 days of delivery by providing Established & Sons with images of packaging and damages and a completed condition report form. Any potential claims associated with shipping damage must be notified to the carrier in writing by recording damage details on the accompanying shipment documentation confirmed by the carrier’s signature. Any agreed returns will only be accepted if products are returned in original packaging and unused.

CANCELLATION OF ORDERS

Cancellation of orders can only be accepted in writing and may incur a cancellation fee up to 60% of order value. Any deposits paid towards MTO or COM/COL orders will not be refunded and cancellations received by Established & Sons after dispatch of the products will not be accepted.

WARRANTY

Established & Sons offers a 24-month warranty covering attested defects of manufacture and provided the buyer has been compliant with the agreed terms of supply including payment.

COPYRIGHT

All designs by Established & Sons are protected under copyright law. Any infringements will be prosecuted.

OTHER PROVISIONS (B2B ONLY)

Established & Sons reserves the right to charge storage fees at the rate specified in the Order Confirmation 14 days from the time a product has been ready for dispatch or collection or the confirmed dispatch or collection date on the order, whatever is later. Customers must make reasonable efforts to inspect goods as soon as possible. In case customers cannot inspect goods immediately at receipt, “received with reserve” must be recorded on all accompanying shipment documentation or Established & Sons must be notified in writing on the day of delivery. Failure to do so shall not affect the Customer’s statutory rights but may be taken into account when assessing claims. Goods shall be at the customer’s risk from the point of dispatch, risk shall pass on delivery to the Customer’s

premises unless otherwise agreed in writing, however all goods shall remain the property of Established & Sons until the customer has paid the price in full. Established & Sons reserves the right to alter packaging dimensions or weights without prior notice, provided that such changes do not materially affect the price, safety, or performance of the Goods. Established & Sons will not be liable for any damages if the customer has not complied with directions provided concerning the assembly of a product or for any damages arising from misuse or lack of maintenance and care of the delivered items. Established & Sons will not accept or pay for any invoice sent by third parties for repair of defective products. Established & Sons may grant, cancel, or change credit terms and limits at its sole discretion and may request full advance payment for specific orders at any time. For customers with an agreed and current credit limit, orders will be dispatched as soon as they are ready for shipment only as long as the customer’s account remains within the agreed credit limits and the customer does not have any overdue invoices. In cases where invoices or requests for payment remain unpaid beyond their due date, Established & Sons reserves the right to release any stock reserved for the order and takes no responsibility for any resulting increase in lead times. In cases of late or non-payment Established & Sons may charge interest at the statutory rate under the Late Payment of Commercial Debts (Interest) Act 1998 on any outstanding amounts. Established & Sons reserves the right to charge for any debt collection or legal fees arising during the recovery of the outstanding amount. The contents of this document, information and images published on its website and other materials you may receive from Established & Sons are protected by copyright (including design copyrights), trade-marks, patent, database and other intellectual property rights and similar proprietary rights which include, without limitation, all rights in materials, works, techniques, technical information, trading business brand names, goodwill, the style or presentation of the goods or services, creations, inventions or improvements upon or additions to an invention, confidential information, know-how and any research effort relating to Established & Sons, moral rights and any similar rights in any country (whether registered or unregistered and including applications for and the right to apply for them in any part of the world) and the intellectual property rights in the material and content supplied as part of this document shall remain with Established & Sons and/or its licensors. A binding contract (“Contract”) shall arise only upon written acceptance of the Customer’s order by Established & Sons in the form of an Order Confirmation. Any discrepancies (to customer requirements and/or purchase orders issued by customers) must be notified within 7 days of the receipt of order confirmation. Any typographical, clerical, or other accidental errors or omissions on documentation or information issued by Established & Sons shall be subject to correction provided that such correction does not materially prejudice the Customer without liability on the part of Established & Sons. Receipt of an Order Confirmation from Established & Sons shall constitute Customer’s acceptance of the T&Cs as published at the time. These T&Cs shall constitute the entire agreement between Established & Sons and any customer and supersede any prior agreement, understanding or arrangement between the parties, whether oral or in writing and apply to all Contracts between Established & Sons and the customer. Established & Sons will use reasonable endeavours to carry out its obligations in a timely fashion but will not be liable for any loss, costs or expenses arising directly or indirectly from any delays in doing so, unless such delay is caused by its negligence or wilful default. All lead times provided by Established & Sons are estimates only and whilst Established & Sons will do its utmost to meet delivery dates, it shall not be under any liability whatsoever for delay in estimated delivery times or failure to deliver for any cause, or from any loss or damages that arise, save where such delay is due to Established & Sons’ negligence or wilful default. Established & Sons reserves the right to cancel any order if the customer has breached one or more of these Terms & Conditions, is subject to any insolvency

procedure, if any amounts owed by the customer to Established & Sons become overdue or if unforeseen events arise that materially impact Established & Sons ability to execute the order as agreed with the customer (e.g. unexpected fluctuations in raw material availability). Subject to clause below, Established & Sons shall not be liable for any indirect or consequential losses, loss of profit, loss of business, or loss of goodwill arising out of or in connection with the Contract. Without prejudice to the terms of this clause and in the event that it is unable to rely upon it, Established & Sons liability for all and any losses a customer suffers as a result of Established & Sons being in breach of the Contract, whether or not deliberate, is strictly limited to the purchase price of the Goods purchased. Save as expressly provided in these T&Cs, all conditions, warranties and other terms implied by statute or common law are to the fullest extent permitted by law excluded from any Contract. No provision of these T&Cs shall affect or limit customers’ applicable statutory rights; exclude or limit Established & Sons liability for death or personal injury resulting from negligence, fraud or fraudulent misrepresentation, action pursuant to section 2(3) of the Consumer Protection Act 1987, or any matter for which it would be unlawful to exclude or attempt to exclude liability. Both parties each acknowledge that, in entering into a Contract, neither party has relied on any express or implied representation, undertaking or promise given by the other from anything said or written in any negotiations between us prior to such Contract except as has been expressly incorporated in such Contract. Neither party shall have any remedy in respect of any untrue statement made by the other, whether orally or in writing, prior to the date of any Contract (unless such untrue statement was made fraudulently) and the other party’s only remedy shall be for breach of contract as provided in these Conditions. If any provision of these terms and conditions is held by any competent authority to be invalid or unenforceable in whole or in part, the validity of the other provisions of the Contract and the remainder of the provision in question will not be affected. Established & Sons may amend its price list and T&Cs on reasonable notice, provided that such changes shall not apply to Contracts already accepted. These Terms & Conditions and all Contracts shall be governed by the laws of England and Wales and the customer agrees to submit to the exclusive jurisdiction of the courts of England and Wales.

Whilst every effort is made to ensure accurate representation of product colours, finishes and dimensions, Established & Sons reserve the right to alter these details without notice in compliance with its own production needs, technological changes or in response to the current market need. Established & Sons cannot guarantee exact colour match for product finishes, wood or fabric variances.

All the designs shown here are protected under copyright law. Established & Sons has the property rights to manufacture and sell these products and holds the exclusive manufacturing and distribution rights worldwide. Copying will be prosecuted.
