Materials and Finishes

Due to their character our high gloss and natural finishes are particularly sensitive and need careful treatment.
Natural brass can show stains over time and will turn darker, this is not a flaw but the character of the material.

Custom orders

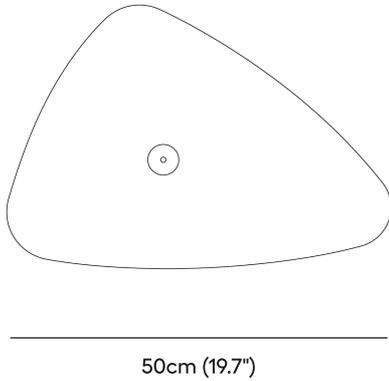

Our custom fixtures offer the opportunity to craft a light precisely tailored to your space and design sensibilities. Each Custom fixture is designed with an emphasis on exceptional form, functionality, and an innate spatial awareness.
We welcome other custom designs and commissions on a case by case basis. Please reach out to our studio to discuss the details.
